### From your 2010 Board:

Did you realize that as a member of HOUG you are also a member of SCOUG (South Central Oracle Users Group)? The South Central Oracle Users Group is the regional group that is made up of several states and combines our local group with Baton Rouge, New Orleans, Ft Worth, Austin and San Antonio. Dallas broke away several years ago to form their own group separate from the region.

Did you attend the SCOUG Free Training Day on June 7<sup>th</sup>? If you didn't, you missed lots of good information, speakers and prizes! We had over 200 register for the SCOUG Free Training day and over 160 were in attendance. Were you one of the winners? The SCOUG website has been updated with several of the presentations as requested by users. Go to [www.scoug.org](http://www.scoug.org) and login in as a member to access the topics. If you have forgotten your SCOUG member login, contact Jenny Roach for assistance.

Want to be part of an Oracle R12 Share Group? This group would share information on Oracle R12 implementations/upgrades on LinkedIn. Please send your e-mail address to Linda Ranostaj at [Iranostaj@whitakerit.com](mailto:Iranostaj@whitakerit.com) to join.
